

High Points In The History Of Frazier High School

FRAZIER HIGH SCHOOL as it appeared before the addition.

Frazier Graduates 103

Once again the Maybells of graduation are ringing. They are ringing particularly for the graduating class at Frazier containing 103 students. The top of the heap includes: valedictorian, Marie Bonds, salutatorian, Florence Elam; Hazel Moore, Jerelline Grimes, Christine Dowell, George Pruitt, Iris Hunt, Goldine King, Linda Woodley and Quincia Williams.

The other grads are John Wright, Eula Ray Hall, Sharon Yarbrough, Archie Bates Jr., Clara Sherrill, Mary Louise Johnson, Nesbit Harris, Brenda Ingram, Mary Drake, James Godman.

Patricia Vanderbilt, George Nelson, Patre Douglas, Doris McGee, Ralph Davis, Burnette Peete, Joseph Claybon, George Mitchell, Cleophus Taylor, Patricia Adams.

Florence Edwards, Emma Terry, Charles Davis, Autry Edwards, John Carodine, Lita Smith, Willie Williamson, Janet Purty, Linda Johnson, David Tipton.

Lela Fields, Gene Teamer, Ellis Bernard, Alonzo Teamer, Lillie Booker, Verline Dye, Evelyn Dowell, Nathanael Albritton, Johnnie Williams, Jesse Hayes, James Taylor.

Ventris Lawrence, Billy Anderson, Joseph Fields, Queen Somerville, Thomas Taylor, Wanda Parker, Mildred Wright, Larry Sherrill, Oscar Croom, Leonard Taylor.

Jeanette Peete, Erma Frazier, Wallace Pruitt, Odis Carruthers, Margaret Thomas, Hollice Neal, Walter Johnson, Nyoka Blackwell, Doris Somerville, Eddie Jackson.

Zelma Maclin, Sevelia Adams, Patricia Dyson, Mamie Dickson, Jerry Holland, Mary Brown, Thurman Adams, James Terry, Sandra Wynn, Ernestine Holmes.

William Brown, Betty Brairs, Jerry Hall, John Johnson, Autrell Teamer, Nora Taylor, Carolyn Sanford, Thurman Dickerson, Leroy Claybon, Alfred Scott.

William Douglas, Lydia Chaney, Melvin Hodge, Willie Taylor, John McCall, James Richardson, Barbara Hodge, Willie Smith, Katherine Jackson, James Kimble, Milton Taylor, Nellie Nelson, and Charlene Brown.

Southwest Essay Winner, Delphene Payne.

Junior "1970 Democracy in Action" Winner

Frazier High had two winners in the Democracy in Action contest. Delphene Payne won the school prize of \$10 cash for writing the best essay submitted by a girl and the Southwest area prize of a free week long tour to Washington, D. C., to participate in the 1970 "Democracy in Action" Rural Electric Tour.

The tour begins on June 12th. After spending the night in Nashville, she will leave for Washington by bus. Delphene will be traveling with five other area winners and the advisor of the winner of the grand prize, the Southwest Co-op prize. She is very excited about the tour.

The other winner is Samuel Broffitt, who won the school prize of \$10 cash for writing the best essay submitted by a boy. Both Sam and Delphene are members of Miss Bennett's English Class.

The contest was sponsored by the Southwest Tennessee Electric Membership Corporation, giving high school Junior English students in Tipton, Haywood, Madison, Chester Counties and Whiteville, Tennessee, the opportunity to exercise their writing skills and win valuable prizes. They were to write an essay on "Southwest Tennessee Electric Membership -- A Community Service Organization," five hundred to eight hundred words in length. The essay was to be a literary composition, dealing with the subject from a more or less personal viewpoint, not using direct conversations and narration.

Miss Bennett and Mrs. Hawkins, the Junior English teachers, submitted six essays, the top three written by the girls and the top three written by the boys. The essays were identified by numbers assigned by the teachers. Awards were presented to each school during the period of April 15th through May 15th.

At the dawn of the 20th Century education was gaining ground in Covington, Tennessee. Of course there were separate schools for the races. The Negro students attended the Covington Colored School under the principalship of Prof. Frazier.

Principals who followed Prof. Frazier were Prof. Bailey, Prof. Fields and Prof. G. W. Webster. Under Prof. Webster, who resigned in 1907 and was succeeded by Prof. E. Alston, five students were graduated in 1905 and two in 1907. Mr. Alston served from 1907 until his death in 1928. The members of the class of 1912 under the leadership of Mrs. Lucile Johnson White suggested that the name of the school be changed from the Covington Colored School to Frazier High School in honor of Prof. Frazier. The board of education endorsed it and so it was done. Actually, in the beginning, classes were taught under a bush arbor in summer and in Collins Chapel C. M. E. Church in winter. The first school house was erected on the spot where the bush arbor stood at College and West Ripley. The year is not known.

Until the 30's the high school department included only the eleventh grade, with the basic subjects. Agriculture, Home Making and Music were taught.

In 1928 under the administration Mr. Alston and the help of the board of education, the people and Mr. R. E. Clay the first brick building was erected under the aid of Rosenwald Foundation.

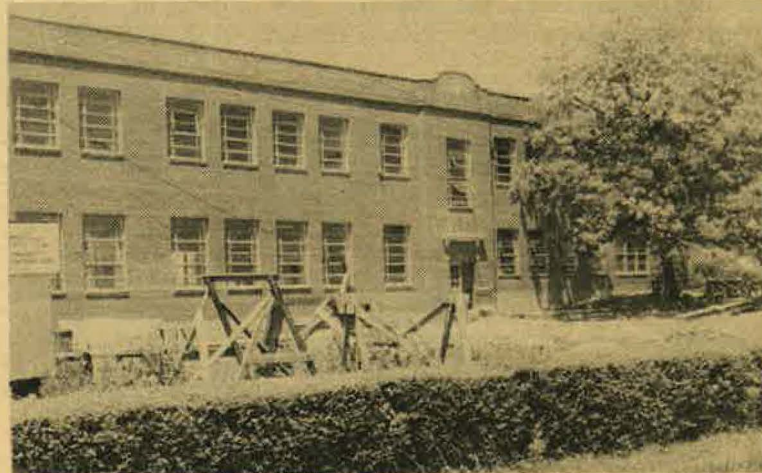

Mr. Alston passed in 1928 and was succeeded by Mr. L. Wells who served as principal of Frazier until his death in 1938. Mr. Wells led the people in an effort that ended in building the first gymnasium in West Tennessee in 1936. Frazier became widely known in Athletics throughout the State of Tennessee.

Following Mr. Wells, Mr. Paul Gore served one year as principal. He was followed by Mr. G. W. Brooks in 1940. Mr. Brooks resigned in 1944 and was succeeded by Mr. P. B. Brown who came to Frazier August 1, 1944 and served as principal of Frazier High School until he resigned September 12, 1965 to become principal of the Frazier Elementary School. Mr. Brown was succeeded by Mr. F. M. Harris who held the position until 1969 and was succeeded by the present principal Mr. William Brooks. Frazier has grown from a very moderate beginning to a well recognized school in this area. The curriculum has been improved from year to year to allow a wider range of selection of courses by the student.

Building and other facilities have been constructed and obtained-- 1950 high school annex and cafeteria-- 1954 Shop Building, 1961 the new gymnasium-- 1965 the Extension Building-- 1966 a portable building and another portable building in 1968.

Frazier has students and graduates the country over giving a good account of themselves. At all times Frazier has been known to have good, dedicated teachers and has received exceptional cooperation from the community.

Frazier also has been known for its strong organizations. In the early 30's the New Farmers of Tennessee was organized under Professor Wells. In 1936 it became New Farmers of America and now the organization is known as the Future Farmers of America. The girls' organization was known as the New Home Makers of America and now the Future Home Makers of America. These organizations have served a good

FRAZIER as it appeared after the addition of more classrooms.

purpose for the boys and girls and for the community. They now are led by Mr. L. C. Lewers, Mrs. Alice Clements and Mrs. Laverne Edwards respectively.

The Typing Club was organized in 1947 by Mr. P. B. Brown with Mrs. Sara Crawford Tooley and Mrs. Bertha Epps Littman as instructors. Classes were taught after regular school hours, using secondhand typewriters that the school purchased. Out of this club came the present business department which is headed by Mrs. Thelma Bush Moore.

The Glee Club was organized by Miss V. L. Turner in 1941. Miss Turner served as trainer of the Glee Club until 1963, bringing many honors to the school and winning many scholarships for students. Without those scholarships many students could not have gone to college. Not only did Miss Turner and the Glee Club participate in Symposiums at Lane College, they gave programs in the local churches helping to build good relations. Mrs. Hattie Sue Hawkins succeeded Miss Turner in 1963 and is the present trainer of the Glee Club.

Miss Turner started a book collection in the early 40's which she hoped would some day become a library. A corner was found in the school where books were kept and used by students and teachers.

In 1949 a committee was appointed by the principal, Mr. P. B. Brown, composed of Miss Turner and Mrs. Hattie Thomas Yarbrough, teachers and Miss Jean Helen Hill and Miss Willette Fields, students, to further organize the library. Miss Turner served as librarian until 1963. She was succeeded by Mrs. Yarbrough who is the present librarian.

Mr. L. V. Wells organized basketball and baseball in the school. With his deepest interest they got off to a good start. Basketball is still going strong under the coaching of Mr. Shelvie Rose and Mr. John Cochran.

The band was organized in 1959 under the direction of Mr. P. B. Brown and a committee composed of Miss V. L. Turner, Mrs. M. E. Selden, Mrs. L. M. Haley and the Bandmaster from Halls, Tennessee as instructor. He was Mr. Walter Brown (now deceased). He came twice a week after school to instruct the class. More than sixty-two members signed up for band. The first regular band teacher was Mr. C. E. Render who later resigned and was succeeded by Mr. Billy D. Moore the present director.

Frazier was among the first schools to operate a federal lunch program. It was started in 1945 with the price of lunches being a dime. The workers were Mrs. Gussie Bynam and Mrs. Annie Sue Boykins.

The above is only a smattering of the history of Frazier. Throughout the years while history has been in the making Frazier faculty, superintendents, supervisors, county and city Boards of Education, parents and the public have given wonderful leadership and backing to the school.

Frazier High School and Frazier Elementary School were operated by the Covington Board of Education until 1950. Then the Tipton County Board of Education took over the operation until the present time.

Frazier's Oldest Graduate!

GRADS!

The Last Stand

Frazier High School sadly closes its doors for the last time May 27.

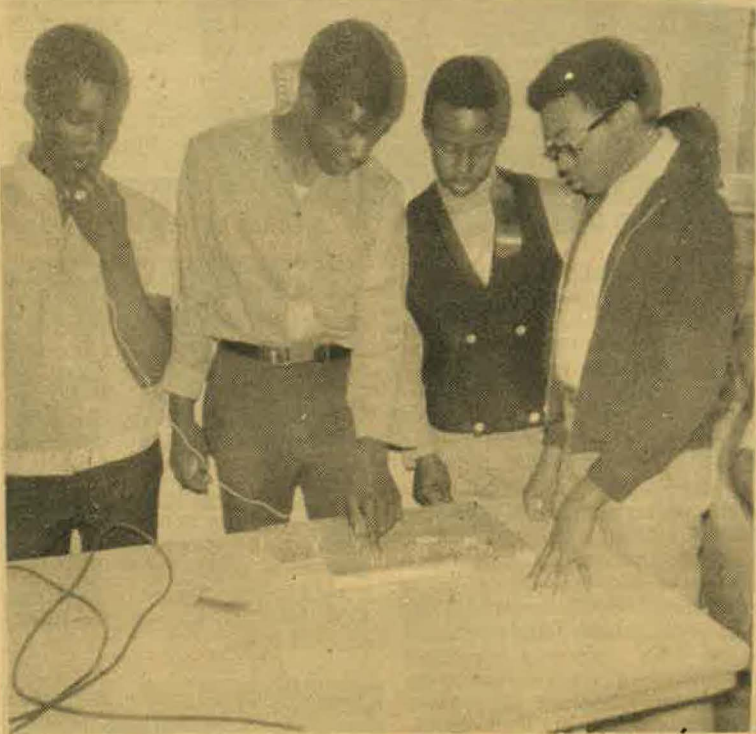

We proudly submit our records, awards and achievements for all the world to see.

We anticipate the coming years with a sense of responsibility to ourselves and our community.

The memories, the dreams and hopes we derived from our association with Frazier High will always be with us.

We anxiously await the coming of the new school year so we can share our experiences with new friends.

The last stand of every man is not whom he pleased, but what he achieved.

The winners, George and Wallace Pruitt, showing their exhibit to David Carodine and Hubert Dyson.

Science Fair Blasted Off

In the science fair that was recently held we had many participants entering interesting projects. In the senior division George and Wallace Pruitt won first place for their transmitter. Samuel and Joyce Broffitt won second place for their one tube radio and Linda Johnson and Brenda Ingram received third place for their telegraph.

In the junior division David Carodine, Herschel Austin, and Hubert Dyson won first place for their embryonic stages. Jackie Williamson got second place for her smoking machine and Michael

Holland and Lawrence MacIn received third place for their microbiology experiment.

First place in the elementary division went to Delores and Shervie Rose for their electric magnetism experiment. Second place went to Samuel Woodley and Jimmie Byrd for a diffusion experiment. The 7-A class under Mr. Johnson received third place for a magnetic powers experiment.

Fred Dudley and Turner Armstrong are the science club advisors. Quincia Williams is the president and Clara Sherrill is the Secretary.

Dear Frazier High We Are Leaving You

We are getting ready to leave you dear Frazier High,
Some might rejoice, but many will sigh
What others will do; we will never know
The time has come when we must go.

Dear Frazier, our time is drawing near,
The word "Goodbye" we soon will hear,
But we will Cherish the memories of the years,
We spent with you in Joy and in Tears.

Dear Frazier, you have been like a mother to us,
In your sacred arms we have put our trust,
We will remember you wherever we go,
And humble reverence, and gratitude we'll show.

But, Dear Frazier, we aren't really leaving you,
For to the Frazier Spirit we will ever be true.
We will take the Frazier Spirit within our hearts
And from this Spirit we will never depart.

We will hold our heads up high and with pride,
For what you have taught us will be our guide.
With the Frazier Spirit, we will have no fear,
With the Spirit of Frazier we have a lot to share.

Dear Frazier, we are fixing to leave you soon,
In many hearts there is a little gloom.
But we trust we are headed for a better place,
And one thing we are sure of is God's grace.

We know many times there will be sorrows and pain,
But in the midst of these times there is a song to sing.

A song of faith, Hope and Love,
Songs that will strengthen and bring help from above.

Within Our hearts you will forever live,
Our thanks to Thee we will forever give,
We will forever hold your banner high,
That True Frazier Spirit will NEVER, NEVER, DIE.
By R. T. Fouse

FFA Ends Good Year

The FFA chapter of Frazier ends a very good school year by having a very prosperous turnout in all of the events it participated in.

Mr. Lucius Lewers is the Future Farmers of America advisor and Joseph Fields is the president for this school term. Together they have worked to provide the necessary instruction and leadership needed by the members in order to participate effectively.

During the year the boys in the FFA have participated in various judging events, skills contests and public speaking and creed events. Out of these events Frazier won three first place district awards. In the skills contests held February 11 of this year, Larry Al-

britton won first place for fitting a board and Gene Teamer won first place in his division for electric welding. March 2, Samuel Broffitt came home with first place after winning in public speaking.

April 22, 23, and 24, Mr. Lewers and a group of FFA members attended the 42nd annual convention of the Future Farmers of America which was held in Nashville. Verline Dye and Wilbert Craig were the official delegates to the convention who were responsible for voting matters and other issues of representation. Herschel Austin and Samuel Broffitt were the award winners who not only received the pleasure of the trip but also attended the banquet that was held in their honor.

Earlier in April Mr. Lewers, Samuel Broffitt and Herschel Austin attended the annual West Tennessee awards banquet held at the Sheraton Peabody Hotel in Memphis. At the banquet Broffitt was presented a plaque, a medal, and a twenty dollar check for his accomplishments in FFA speaking.

All of these acquisitions are attributed to the fact that L. C. Lewers offered his faithful guidance and support to his boys, and that the members themselves displayed such excellent teamwork in order to make their efforts a success.

President Fields wants to extend his appreciation to the members for their valuable cooperation during the year.

Miss FFA, Iris Hunt and her escort Joseph Fields.

Miss FFA

Iris June Hunt, a senior at Frazier High School, was crowned Miss Future Homemaker of America at the annual fashion show April 1, 1970. The theme of the show was "Fashion Composition Spring '70."

The winner was among eight girls vying for the title on the basis of workmanship of the garments they modeled, general appearance, poise and personality.

Participating were Linda Jean Johnson, first runner-up; Patricia Vanderbilt, second runner-up; Brenda Ingram, third runner-up; Barbara Hodge, fourth runner-up; and Florence Elam, Mary Drake and Queen Somerville.

Judges were Mrs. Johnny Badour, county home demonstration agent; Miss Sudie Windom, assist-

ant home agent, and Mrs. Claudette Smith, assistant guidance counselor at Byars-Hall High School.

A daughter of Mr. and Mrs. Clyde Hunt, Iris wore a two-piece ensemble of lavender and white. The double-breasted coat featured long, set-in sleeves with princess seaming and front button closing. It was also designed with notched collar, button-trimmed back belt, pockets concealed in the side seams and topstitching.

The collarless A-line white dress had a back zipper and was fully lined.

She was escorted by FFA President Joseph Fields.

Iris plans to attend Tennessee State University this fall and major in home economics.

FHA Exhibit!

FHA'ers Still On The Go!

FHA'ers observe National FHA Week by putting a display of garments at Scudder's Remant House. We presented a radio broadcast at WKBL entitled "Who Gets The Credit." And we distributed posters throughout the school.

On April 11, 1970, 50 FHA'ers from Frazier attended the Sub-Regional Meeting at Ripley High School. The officers presented a skit entitled "MR. CHARM HOLDS A CLINIC." The highlights of this meeting was a film shown by Mrs. Ray Thompson about a visit to Puerto Rico. Also on April 16-17 five delegates from Frazier, Gwendolyn Teamer, Jo Ann White, Otella Cunningham, Valarie Teamer, and Edna Burrell along with our advisor, Mrs. Clements, attended the FHA State Convention held in Nashville, Tennessee.

We left about 10 a.m. Thursday morning and arrived at the hermitage Hotel about 1:00 o'clock where we had made reservations.

The theme at this year's convention was YOUTH: THE KEY TO A BETTER WORLD. Some of the items of interest in this meeting were the presentation of Certificates to FHA Honorary Members, who had made great contributions to the Future Homemakers Organization. There was a closer look at the different projects each

State Officer had faithfully performed during the year.

Another event was the recognition of State Degree Earners. Finally the most important highlights was the installation of the 1970-71 State Officers.

The meeting was very informative and inspiring. It was enjoyed by all! The President Gwendolyn Teamer said, "We weren't just attending these meetings just to be going some place. You can always learn new ideas from other chapters in order to make your chapter what you want it to be."

Congratulations FHA'ers

Science Club Ventures On

Our science club with Fred Dudley as advisor concludes this year with many worthwhile accomplishments.

The numerous members of the club, after receiving their official certificates, began small projects of interest to present to the club at every session it had.

March 5, 6, and 7, Mr. Fred Dudley, John Wright, George Pruitt, Emmett Edwards, and Samuel Broffitt were invited to attend the 5th annual Junior Science and Humanities Symposium held in Knoxville. During their attendance at the symposium the participants had a variety of scientific from which they had to choose to visit. Each person made two choices. All of the students participating toured the U. T. campus and also the Oak Ridge National Laboratory. Both places were where the sessions were held.

The wide variety of departments from which they had a choice to visit ranged from biology to reactor engineering. The University of Tennessee, the U. S. Army Research Office, and the Oak Ridge National Laboratories were the sponsors of the program.

Anybody can make mistakes. Let him. You're a somebody.

Peete Named Correspondent

Burnette Peete, 17, of Stanton, Tennessee, was named Co-ed Correspondent for the school year of 1969-70, according to an announcement by Miss Margaret Hauser, editor of Co-ed magazine.

Miss Peete is the daughter of Mr. and Mrs. Eugene Peete. She is a senior at Frazier High School. She was appointed correspondent by Mrs. Thomas Jorgensen, her home economics teacher.

Selected for her qualities of leadership and enthusiasm for home economics, Miss Peete will serve as junior advisor to Co-ed editor.

Presentation of a special Co-ed correspondent certificate was made to Miss Peete in a school assembly, by Mrs. Jorgensen, who was her Home Economics teacher.

A Letter Of Advice

Dear Students,

I must admit that I have very few, if any, original thoughts of my own pertaining to the future. But through the years I've encountered a few ideas that stick to my mind permanently.

So here they are and I hope each of you will find them useful.

1. If you can't change facts, try bending your attitudes and check it for yourself. You'll see that, faced with a given set of problems, one many may tackle them with intelligence, grace and courage; another may react with resentment and bitterness; a third may run away altogether.

2. Don't play basketball without the ball. This might seem foolish, but think about it for awhile.

If your basic beliefs and values are challenged get facts not opinions; get statistics and not theories. In other words, do your homework.

3. When the dance is over take off your shoes. Don't forget to exchange your dancing shoes for working shoes. Life is full of dances but as students you must keep them in the proper perspective.

4. Keep your eyes on the law of echo -- remember that what you say and what you do will in one way or the other bounce back at a later time.

5. Finally, have faith in your fellow man, your schools, your teachers and in the supreme being.

I know that this isn't a panacea for your problems, but words of advice from a very insignificant person.

I have enjoyed my stay with you this year, and hope that the future will always remain bright and prosperous for each of you.

Sincerely,
William O. Brooks

Teens Tips

If you can't sleep at night, try thinking of all boys' names beginning with "A," "B," "C," and on. You'll doze off in no time.

When you're after a new boy, don't discuss former boyfriends with him, but encourage him to talk about his old girlfriends. Maybe you can learn to avoid their mistakes.

Girls who slip their shoes off all the time are said to be not too trustworthy.

If you don't get that beauty sleep at night, check whether your bedroom temperature is too warm. The ideal bedroom temperature is 55 degrees, sleep researchers say, and the ideal humidity 45 per cent.

Don't go with boys whose name beginning with D. (Doople).
