A Day at

Munford Middle

Mrs. Leigh Chorley

The Believers have had an exciting, eventful year. We have traversed Egypt, as well as the Middle Ages. Even space was not the final frontier for our team; because we even traveled to the Space Center in Huntsville, Alabama.

DreamTeam

On the Dream Team pod we are really in to learning. We use lab activities and play games to help get ready for tests. Our teachers are Mrs. Rook, Ms. Fenbert, Mrs. Wolfe, and Mrs. Albright. Mrs. Rook and Mrs. Albright have been together for a couple of years. While Mrs. Wolfe and Ms. Fenbert are new to their team. Each one spends time in helping us with our studies.

Trailblazers

Mrs. Katherine Bolkcom

Mrs. Gladys Miller

Mrs. Donna Ross

Mrs. Beverly Tracey

A few years ago students chose the team name Trailblazers. The first Trailblazers were brave men who led the way for others to move into the unexplored wilderness. We, like the original trailblazers, also lead. We lead others by our example and ability to master the challenges set before us. Our teachers, Mrs. Bolkcom, Mrs. Miller, Mrs. Ross, and Mrs. Tracey, set the standards for us and gear us in the direction to achieve. As we grow and learn people for years to come will know we are Trailblazers.

T R A V E L E R S

The Travelers came to be three years ago. Mr. Glass, Mrs. Lewis, and Mrs. Livingston are the three remaining original members. Mrs. Smith is the new teacher on our team, and teaching Math is her domain. Mr. Glass sends us to far away places in Social Studies. Mrs. Lewis opens up our minds to a varied selection of genre in Reading. Mrs. Livingston takes our thinking "out of the box" with her exciting and mind boggling Science lessons. We, The Travelers, are constantly traveling to new heights in learning and everyday is an adventure. An adventure that will carry us through our years here at Munford Middle and beyond.

FALL CARNIVAL

HIGHLANDERS

The Highlander's class motto is "Don't lose your head." And with our awesome entourage of teachers our heads and feet stay grounded. Mrs. Danehower takes us to new factors with Math. Mr. Tinkler brings the world around us in Social Studies. Mrs. White travels with us to the outer limits and beyond in reading. Mr. Zubiata gives new meaning to the scientific method in Science. These teachers put a lot of effort in bringing education to a new level for us. Such as going to the Memphis Zoo and dissecting rats. Experiences like this is what makes learning real.

MAGNIFICENT ONES

Our name came from a movie that Mr. Armstrong watched called the Magnificent Leathernecks. The movie was a true story about pride and dedication by the Marines in World War II. We also show pride and dedication therefore we were named the Magnificent Ones. Our teachers are Mr. Armstrong, Science, Mr. Barbee, Social Studies, Mr. Morris, Math, and Mrs. Stark, Reading, they all teach us English. Our teachers have taught, and shown, us that through pride and dedication we can reach new and exciting heights in our education and as we become young adults. We are truly MAGNIFICENT!

SOARING EAGLES

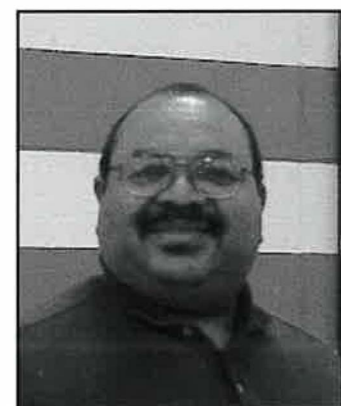

We are the Eagles, the Mighty, Soaring Eagles. And as our nation's bird we too aspire to greatness. The head of our flock consists of three outstanding and talented teachers. Mrs. Shirley King, who was an original Soaring Eagle, has us reaching for the stars with Math and Science. Mr. Quintin Willis, who decided to come back into the classroom after teaching art for three years, is giving us his expert knowledge in Social Studies. And Mrs. Jana Whitt, a new teacher this year, is knocking our socks off with her Reading skills. Although we are only fledglings right now we continue to soar and stretch our wings, and as we leave the nest our teachers will be proud of the Eagles we have become.

Nuts & Bolts

Although Mrs. Burgman wears many hats, at Munford Middle her FAVORITE hat to wear is as a concession.

Mr. Fite and Mr. Womack, the band instructors. (Need I say more?)

Ms. Zubiarte captivates the artist in us all. (say artist with a strong accent on the "T".)

Along with managing P.E., Mrs. Davidson and Mr. Glenn are also the official Umbrella holders. (Do you think J.Lo needs a replacement?)

As librarian, Ms. Wilson, really keeps things in line; not only on the shelves, but on the tennis courts as well.

Mrs. Womack, whose main domain is the choir room, loves to relax in the library.

Football Homecoming

Football homecoming week is full of excitement and anticipation with all of Munford Middle participating in various activities. The week started with crazy hat day, followed by school spirit day, a door decorating contest, a pep rally, and ended with the football game against Ripley. Our school band, directed by Gary Fite and Steve Womack, played the National Anthem, and Coach Lonnie Glass gave the invocation. Mr. Anthony Barbee gave play by play accounts of the exciting game. But the most anticipated event of the entire week was the announcement of the 2002-2003 football homecoming queen and her court.

Big Dogs

"If you can't hang with the Big Dogs, get off the porch"

There are some new dogs on the block, and they are kicking tails and taking bones. Teaching and learning are what these dogs do best, and heading up this pack are Mrs. Chrissy Fite, Mrs. Janell Rajaei, Mrs. Tammy Tilson, and Mr. Ron Edmonson. These Big Dogs left their "territory" and went to Laser Quest, challenged each other in a Domino competition, and performed tricks to earn pizza for Accelerated Math. This type of learning just proves that you can't keep a Big Dog down.

The Patriots

The Patriots came about during the Revolutionary War, and being a Patriot represented courage and bravery towards our country. Each one of us exhibits these qualities and remembers those who fought for our freedom and our right to an education. The Generals in our troop are Mrs. April Corder, Mr. Marcus Heaston, Ms. Alison Luster, Mrs. Laura Sanders, and Ms. Etha Williams. These teachers make every effort to ensure our rights are upheld. At Munford Middle being a Patriot is all its cracked up to be.

The Titans

We are the Titans...(We are the Titans)
 The mighty, mighty Titans...(The mighty, mighty Titans)
 Everywhere we go...(Everywhere we go)
 People want to know...(People want to know)
 Who we are...(Who we are)
 We are the Titans, the mighty, mighty Titans

The mighty Titans are a group of keen, sharp, bright, friendly, outgoing, and spirited students. Many of these students are Beta Club members, challenge students, athletic stars, Honor Roll students, cheerleaders, chorus and band members, award winners, and Science project participants with school spirit and pride.

The mighty Titans began this year with the legendary, Mr. Marvin Rayner leading the team. He is now serving the Tipton County system as an assistant principal. He passed the torch to Mrs. Samantha Naifeh for the second successful semester. We, Mrs. Naifeh, Mrs. Jones, Ms. Nelms, and Mrs. Batson, enjoy sharing knowledge on multiple subjects with our team. We have enthusiastically watched many of these students flourish and excel in their academic achievement, social interactions, and collaborative learning.
